

## Curriculum Lead Teacher

### *An exciting opportunity for a teacher to work in the charity sector alongside elite sports teams*

We are seeking a forward-thinking and motivated teacher with Key Stage 3 maths, science or design technology experience to join the 1851 Trust team.

Are you:

- **Motivated by supporting peers to help them raise the aspirations of their students,**
- **Passionate about ensuring lessons are engaging and inclusive to all students and at the cutting edge of current thinking in educational pedagogy,**
- **Excited by the power of sport and role models being used to inspire young people?**

If so, we would be delighted to hear from you.

We are looking for a new member of our team to help deliver the 1851 Trust's key education programmes and be responsible for developing new teaching resources and programmes.

Job Title:	Lead Teacher
Reporting to:	Head of Education
Hours of Work:	Full-time
Contract:	Permanent, term-time only
Office location:	Remote working but with regular visits to the Base at INEOS TEAM UK in Portsmouth
Start date:	January 2021
Salary:	Up to £35,000 pa.

## About the 1851 Trust

The 1851 Trust is a game-changing specialist education charity working with sporting world champions. Having taken our programmes, led by [www.stemcrew.org](http://www.stemcrew.org), across the UK, this is a fantastic opportunity to join us to achieve exciting ambitions to go global and into new elite sports.

We are a small team, but we have high profile supporters and a reputation for excellence. Accordingly, we are seeking someone with a 'can do' attitude to tackling tasks and a willingness to go the extra mile. In return, we offer you an exciting environment in which to work, excellent chances to exceed expectations, and the support of a team committed to delivering outstanding educational opportunities for young people.

## Main Purpose

To develop new resources for our learning hub [www.stemcrew.org](http://www.stemcrew.org), to deliver face to face teaching and to help develop further STEM education programmes.

- Develop new resources and contribute to future resource planning for our online learning hub [www.stemcrew.org](http://www.stemcrew.org).
- Deliver teaching both online and face to face during STEM Crew events.
- Contribute to teacher CPD of the STEM Crew community and support for teachers at partner schools.
- Engage with STEM Crew audiences and other education initiatives to provide insights on the use of digital resources in schools and opportunities to maintain STEM Crew's high quality reputation.
- Input into organisational strategy to help shape the direction of our education focus.
- Promote the Trust's education programmes to new audiences and partners to increase adoption by teachers and schools (including through digital channels)

Project-based responsibilities to support the development of new content and functionality:

- Developing further education projects for the Trust, e.g. awards, competitions or partnerships with appropriate STEM organisations.

- Work with the Head of Education to develop new educational resources and programmes for other partners and funders and which improve the Trust's educational offer.
- Manage a small team of teacher contractors when needed.

### **Desired skills, experience, approach to working**

- Fully qualified teacher in maths, science or DT (Key stage 3 experience).
- Full working knowledge of safeguarding legislation and able to advise and act upon safeguarding procedure within the Trust.
- Experience within a school environment, or in an educational environment outside of the classroom.
- Understanding of the KS2, KS3 and KS4 STEM curriculum, with working knowledge of at least one key stage.
- Able to both develop and deliver STEM lessons using the inspiration of elite sporting and sustainability contexts and the current curriculum to a high standard.
- Experience or understanding of promoting education initiatives to schools.
- Innovative and creative, able to help the Trust develop further education projects.
- Confident, able to build relationships with schools and other stakeholders.
- Knowledgeable about local STEM networks and National STEM initiatives.
- Ability to interact professionally on social media platforms and seek out education accounts aligned with the values of the 1851 Trust.

### **Personal skills**

- Committed to the 1851 Trust's aims and objectives of providing opportunities to young people
- Able to demonstrate a high level of professionalism when working with partners, schools and stakeholders
- An enthusiasm to keep abreast of new developments in education
- Creative, able to think out of the box and try new things
- Strong team player but able to work largely unsupervised
- Willing to travel to regional and national meetings and events, including out of office hours

**Please note:** The successful applicant will be subject to an enhanced DBS check in line with our Child Protection and Safer Recruitment Policies.

### **How to apply:**

Please visit [www.1851trust.org.uk](http://www.1851trust.org.uk) for more information on the 1851 Trust. To apply, please send a CV and covering letter setting out why you'd like to join us, to Beverley Smith ([bev.smith@1851trust.org.uk](mailto:bev.smith@1851trust.org.uk)). Closing date 14<sup>th</sup> January 2021.
